

**FALLEN LEAF LAKE CSD
FIRE DEPARTMENT / GENERAL MANAGER
REPORT
December 2, 2017**

RESPONSES

- The fire department responded to 20 Strike Team call outs over the summer, several public assist, search & rescue and medical calls.

TRAINING

- In early November, Surface Water Rescue and Boat Operations were conducted for our paid personnel.

VOLUNTEER PERSONNEL / SEASONAL PERSONNEL

- The fire department is operational in winter mode. We have four volunteer personnel and 2 paid personnel working as needed to monitor condition at the fire station.

APPARATUS / EQUIPMENT

- All 4 wheel drive apparatus are operational.

LOCAL AGENCIES / AGREEMENTS

- All local area agency agreements are in place

PROJECTS AND PREVENTION

- El Dorado County DOT has contracted for the replacement of culverts on Fallen Leaf Rd. The project is complete.
- The Fire Station and Store Building painting and staining project are complete.
- The stair project behind the store building is complete. Thanks to the Fallen Leaf Foundation for funding this project.
- Paving repairs were started near the marina parking area. This was the location of trench work performed by STPUD. The pavement repairs will be finished next year
- STPUD has completed upgrades to the pump system from the Fire Station to the Marina Parking area pump house.
- El Dorado County EMSA did our final equipment inspection in late October. We passed our inspection. We have to get our Paramedics accredited at the beginning of May. We will start the 2018 season with ALS.

STORE / MARINA

- The store and marina had a record year again under the management of Mike Basso.

**Gary D. Gerren, Fire Chief/GM
