

**FALLEN LEAF LAKE CSD
FIRE DEPARTMENT / GENERAL MANAGER
REPORT
March 5, 2016**

RESPONSES

- The fire department responded to an alarm at 400 Fallen Leaf Rd. during February. Power was cut to the air compression system that maintains the fire suppression system, allowing the system to activate. An unknown rodent is responsible for this incident.

TRAINING

- Tuesday night training will begin in late May of 2016.

VOLUNTEER PERSONNEL / SEASONAL PERSONNEL

- The fire department is operating in winter mode with our volunteer staff.

APPARATUS / EQUIPMENT

- All apparatus is operational. We have two apparatus that are being painted by Silver State Industries (prison system) in Carson City, NV.

LOCAL AGENCIES / AGREEMENTS

- All local area agency agreements are operational

PROJECTS AND PREVENTION

- The Fire Department is scheduling with the prison system for painting our green engine and type III brush engine. This project is underway
- AFG and SAFER grants have been written and submitted to DHS / FEMA

STORE / MARINA

- The store and marina will open in mid-May. The stove / oven and new fryers will be in operation prior to the store opening.

Sincerely,

**Gary D. Gerren, Fire Chief/GM
Fallen Leaf Lake CSD
Fire Department**
